**Dear Mr. Wong & team,**

I would like to take this opportunity to express my gratitude for the amazing work your team has done for my case and the Letter of Introduction and my wife's SOWP can be obtained finally. We are moving a big step closer to Canada.

Your team never let me down in this journey. In fact, I didn't have too much expectation on obtaining the Letter of Introduction due to age concern at the beginning. I recalled Mr. Wong had shared his valuable advice to me and demonstrated his professionalism when I had the 1<sup>st</sup> meeting with him which mustered up my courage to start the application under their help.

Also, I sincerely appreciated Mr. Wong for the extra time he spent on discussing my case before the IRCC interview and discussed different strategies for the interview. Your advice was very helpful.

Thanks again for your team. I will recommend your team 2 thumbs up and wouldn't hesitate to recommend Mr. Wong to other Hongkongers or anyone thinking of making the same decision as me.

Your sincerely,

Patrick Chui
